Please note that, whilst under its AFSL State One is authorised to do so, the **amscot** division does not provide any personal financial product advice to clients. This means that we will not provide financial advice which takes account of your personal objectives, financial situation and needs. The only advice that we will provide to you is general financial product advice which is advice, such as that set out in a Research Report, which does not take account of your objectives, financial situation and needs. Before acting on any general advice that has been provided, you should consider whether that advice is appropriate for you taking into account your objectives, financial situation and needs. If appropriate you should consult with your financial advisor.

As any advice which **amscot** may provide to you will only ever be general advice you will at no stage receive a Statement of Advice from us. From time to time we may deal on your behalf in circumstances where we are required to provide a Product Disclosure Statement to you before you purchase a particular financial product such as an interest in a managed investment scheme. The purpose of the Product Disclosure Statement is to provide you with information about the financial product concerned so as to assist you in making a decision about whether you wish to buy that financial product.

5. How to Transact With Us?

Before transacting you need to have opened an account with **us**.

You can then give us instructions by telephone, in person, fax, or email.

amscot will take all reasonable steps to obtain the best possible outcome whenever an order is transmitted or executed on your behalf. A copy of our Best Execution Policy is available on our website at www.amscot.com.au or by obtaining a copy by calling 1300 308 305.

You may choose to establish an online trading account with us. This will enable you to place your orders directly into the market (subject to the Client Agreement - as outlined in the Account Application Form).

6. Buying and Selling Financial Products

Acting as your agent, **we** will either access the relevant market on your behalf to buy or sell financial products or, in the case of online-trading, facilitate your directly accessing the market.

When you open an account with us a contract is created between you, as client, and us, acting as your broker. When **we** trade on your behalf, a further binding contract is made by us, on your behalf, with another party. You will receive a confirmation note (contract note), by post or email, once your shares have been bought or sold.

How are transactions settled?

If you buy shares we require payment on or before T+3 (i.e. transaction date plus three business days). If you are trading in Exchange Traded Options, settlement is required on T+1.

Typically we require authority from you or your licensee enabling us to directly debit a savings or cheque account. In some circumstances you can alternatively pay us via electronic funds transfer/direct deposit, BPay® or cheque. We do not accept cash or credit card payments.

If you sell shares, we will send you the proceeds via electronic funds transfer to a bank account nominated by you or via cheque.

Trading via online or phone requires you to be CHESS sponsored by State One. For online trading accounts you are also required to have sufficient cleared funds in a Cash Management Account prior to the purchase of securities. Sales proceeds for an online trading account will be transferred directly to your Cash Management Account.

State One charges administration and fail fees with respect to trades which are not settled on or before T+3. For clients buying shares we reserve the right to charge interest on the unsettled amount after T+3. Extended delays in payment for buys may result in us selling out the stock, and action being taken to recover from you the costs involved, including any loss on such transactions.

Short Selling

amscot does not permit the short selling of financial products (as defined in the Corporations Act) in any form. You will be required, when placing a sell instruction with us, to confirm that the stock you are requesting to sell is indeed stock which you hold (a long sale) (i.e. that you own the stock and it is not a short sale). Clients are obligated to inform us as their broker if a sale is a short sale. When trading Online, our software will typically not permit you to dispose of stocks which are not visible on your account as being held by you. You should however be aware that mistakes can happen, and you should be vigilant to avoid duplicating any sell order, be it placed online or by phone.

7. Referral Fee

We have entered into an arrangement with your financial adviser whereby part of the brokerage paid by you will be rebated to your financial adviser as a fee for directing orders to us for execution. This fee will typically be 50 - 90% of the brokerage paid by you.

8. How Do We Charge You For Services Provided?

We will charge you a fee for stockbroking services provided to you. This fee will normally be transaction-based.

8.1 Transaction Based Fees

We charge brokerage and fees on each 'buy' and 'sell' transaction executed on your behalf. The brokerage charged will be based on the value of the financial products you buy or sell. You will be advised of the brokerage rates at the time that you open your account with us. These rates can change from time to time and you will be advised of these changes when they occur. A confirmation (contract note) will be sent to you upon completing each transaction. This will show the brokerage and any other fees charged, together with applicable government taxes and duties.

Late settlement fees are imposed against those trades that are not settled on or before due settlement date – typically T+3 for equities. Please see the "Other Fees" section at the end of this FSG for more information.
